THE Sixteenth Annual Session of this Institution will commence on Monday, Sep-ember 24th, 1866. As the endowment fund is not yet available. College classes cannot be reopened for one year more; but the Preparatory greater thoroughness than usual. It is deter-mined to make this a model Preparatory School, imitating, as closely as possible, the great national schools of England, such as Eaton College. As there is only one course, not a muliplicity of courses, each student receives two or three times as much attention as in the usual schools of mixed courses. The same general system that has been so remarkably successful hitherto, will be continued. Puition for session of forty weeks, in advance, Board per month

The Principal has associated with him in the School, John M. Puttick, A. M., W. R. Kirkpatrick, A. M., and Mr. T. J. Williams; Prof. P. E. Holmes gives instruction in Music

The School is situated in a high, salubrious region, known as the "Mountains," eleven files from Shuqualak, on the Mobile and Ohio Railroad, and is almost the only School, of its grade, that went through the war. Since the surrender, large additions have been made to the buildings, and the term closing June 30th is the most prosperous and useful one known n the history of the School, successful as i has always been. Every branch of Mathematics, pure and mixed, including Civil Engineering and Practical Field Operation with a splendid equipment, is taught with the very first ability. The classics and the French very first ability. The classics and the French language form an important feature in the regular course of study. All the English branches are ably and forcibly taught, including the Natural Sciences, illustrated by a complete apparatus. In short, the greatest care is taken with the training of all boys, at any stage of their education. Young men are carefully prepared for any particular calling in life, or prepared for any particular calling in life, or to center any class in any University.
